

CLARIFICATION 1: Procurement of Health/Medical Insurance for MCA-Nepal Staff (MCA-N/PM/SH/027)

1	With reference to the quotation submission form- Health/Medical Insurance, we are not clear about the point no. 15 (The minimum reimbursable limit for this medical insurance amount for per employee's family per year-NRs. 650,000.00) of Annex 2, Category A. We really appreciate if you could kindly explain.	MCA-Nepal wants the reimbursement ceiling for claims to be for the employee and family to be combined as one, rather than setting individual ceilings for employee, spouse, and dependents. The above combined ceiling amount has to be at least NPR 650,000 per year.
