OUTREACH EVENTS UPCOMING PROCUREMENTS

“Construction of 315 km of 400 kV Electricity Transmission Lines and Three Substations”

1. The United States of America, acting through the Millennium Challenge Corporation (“MCC”) and the Government of Nepal (the “Government”) have entered into a Millennium Challenge Compact for Millennium Challenge Account assistance to help facilitate poverty reduction through economic growth in Nepal (the “Compact”) in the amount of approximately **USD 500 million (United States Dollar Five Hundred Million)** (“MCC Funding”). The Government, acting through the Millennium Challenge Account Nepal (the “MCA-Nepal”), intends to apply a portion of the MCC Funding to eligible payments under a contract for which this Invitation to participate in an Outreach event is issued.
2. The Compact program includes investment from MCC of approximately US \$ 500 million and an additional US \$ 130 million from the Government, for a total of approximately US \$ 630 million. It includes two projects: (i) The Electricity Transmission Project (ETP) will manage the construction of about 315 km of 400 kV electricity transmission lines, three substations, and technical assistance for the power sector; and (ii) The Road Maintenance Project (RMP) will provide technical assistance to improve the road maintenance regime and road maintenance works on about 300 kilometers of the strategic road network. The program would include the procurement of contractors and consultants for design, construction and supervision of electricity lines and substations, road maintenance works, including a variety of technical services, equipment and construction works in different geographic locations within Nepal. These contracts will be competed through open international procurement procedures.
3. MCA-Nepal, which oversees and manages the projects funded from the Compact, intends to organize two Outreach Events **(one in Kathmandu, Nepal and one in New Delhi, India)** with Contractors and Suppliers' Representatives to inform of the upcoming Procurements for ETP; and share available updated procurement and technical information, as applicable.
