1.	General	<p>We would like to extend our gratitude for the invitation to submit the Quotation for Practical Microsoft Project 2016 Training. While we are indeed interested in collaborating with MCA-Nepal and have experienced trainers available, we would like to bring to your attention that the number of training sessions mentioned in your Qualification and Evaluation Criteria does not align with our current offerings. However, we are open to discussing how we can tailor our training to meet your specific needs and requirements. Please let us know your preferred method and time for further discussions, and we will be more than happy to explore potential ways to work together effectively.</p>	<p>Please note that under our Procurement Guidelines and following the shopping method, we are not allowed to entertain discussions with potential Service Providers while conducting a competitive procurement.</p> <p>Consequently, we kindly request the bidders to prepare the training sessions as per the requirements in the RFQ and quote the price accordingly, as described in paragraph 7 of Annex-1 Terms of Reference of the RFQ.</p>
