The Federal Democratic Republic of Nepal, acting through the Ministry of Finance (the "Government") and the United States of America, acting through the Millennium Challenge Corporation ("MCC"), entered into a Millennium Challenge Compact on September 14, 2017, providing for a grant of up to FIVE HUNDRED MILLION United States Dollars (US\$ 500,000,000) to advance economic growth and reduce poverty in Nepal (the "Compact"), to which the Government will contribute up to US\$ 197,000,000 for a program to reduce poverty through economic growth in Nepal, and intends to apply part of the proceeds toward payments under the contract to be awarded for "Recycling Pilot Works Contract – Dhan Khola Lamahi 40km Road Section".

MCC's funding is appropriated by the U.S. Congress and obligated to the compact upfront, with no incremental or partial funding. So, when a contract is signed with an Accountable Entity, money is already available to the Accountable Entity and, for most contracts, invoices are paid directly to the Contractors by the U.S. Treasury.

MCA-Nepal now invites offers from eligible offerors for the Recycling Pilot Works Contract – Dhan Khola Lamahi 40km Road Section. The Works consist of: Pavement Rehabilitation using Full Depth Reclamation, Soils Cement Stabilization and Superpave Asphalt.

The procurement process will be conducted through the **Competitive Bidding (CB)** method as specified in the Accountable Entity Procurement Policy and Guidelines (PPG) and is open to all eligible offerors as defined in the PPG.
